### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Michael D. Lazzara on February 25, 2009.

#### **Claim 75:**

Line 1, "72" has been deleted, -- 68-- has been inserted.

#### **Claims 114:**

Line 2, after instructions, -- when executed by a computer -- has been inserted.

#### **Claims 115-117:**

Cancelled

### **Allowable Subject Matter**

2. Claims 1-10, 12, 14-71 and 75-114 and 123 are allowable

### **Reasons for Allowance**

Art Unit: 3624

3. The following is an Examiner's statement of reasons for allowance:

The closest prior art is to Hart (US Patent No. 7,048,185). Hart teaches a system which includes inspection, service, and repair components. The inspection component requests a system to provide an inspection checklist for a requested equipment for display on the device in response to an inspection request. The service component requests the system to provide service information for various service points of the requested equipment for display on the device in response to a service request. Applicant's arguments filed on December 16, 2008 (Pages 27-28 in particular) are deemed to be persuasive and adequately reflect the Examiner's opinion as to why claims 1-10, 12, 14-71 and 75-114 and 123 are allowable over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### **Conclusion**

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
